

About Us

I have established Yummy Bakey website in 2002. With the support and encouragement from my husband and my friends. I turned my love of baking into a career with their help. The company of great staff and loyal customers helped the Yummy Bakey grows more than we could have expected.

Our Bakery

Since we launched our website, we have experienced a natural flow of new ideas and baking trends. Now, Yummy Bakey bakes all kinds of cakes, pastries and other breads on a daily basis and according to the orders of its customers.
